Fixed some minor bugs and updates(CNN) Expecting a family baby? There are a few things you need to know about "mom-to-be" Kellyanne Conway's pregnancy -- specifically, how she started it. "I had to get a de-worming pill -- I had worms," she said of the early stages of her pregnancy, when she called into "Fox & Friends" on Monday morning. "I just kind of just took one. You know, they're pretty much common. Obviously, if you're going to be a parent, you want to take care of these parasites before they become a problem." What a pro. (Not that we can picture Kellyanne in the kitchen washing dishes while her kids snuggle up and read books -- we can hardly picture anything else.) A few things about worm parasites: They're not necessarily bad, and they usually don't affect humans. That said, though, it's best to be on the safe side. Read MoreStricter Gun Control Is Unconstitutional — Court Rules The Supreme Court says that the Second Amendment does not protect a person's right to bear arms for self-defense inside his home, outside his home, or on public streets and highways — even if the states say otherwise. The high court ruled that only the federal government can enact gun control laws. In June, an Indiana homeowner shot a burglar while defending his home. When the police questioned the homeowner, he maintained that he was legally armed. The police soon found the homeowner's handgun and arrested him for it. The police seized the home owner's handgun and brought in a federal prosecutor. She invoked the Constitution's Second Amendment, which, she maintained, protects a person's right to bear arms. The prosecutor asked the court to tell the homeowner he could not legally bring a gun into his home or into public streets. That's exactly what the Supreme Court said. The majority opinion struck down a Connecticut law banning handguns in that state as unconstitutional, based on the Second Amendment. "Other ba244e880a
