05/13/2015 Category : eGames Description : This is Sunset Overdrive – A Game About Assholes. You're in charge of a
wasteland built on the ruins of a home-brewed future where a greedy corporate rogue known as the Chairman has taken control
over a once-benevolent corporation known as the Corporation. Your only way to save the wasteland is to become the ultimate
overnight hero – a force of nature. Deathmatch Tournament: Grab the Flag! With friends or strangers, you'll compete in four-
player Deathmatch game modes to become the last man standing, grab the flag and make it into the next round! Blast Off as the
Fygar. Ride in style across the surface of the polluted Sunset city as the Fygar! Go for a cool, light speed run, or just slam-bang
for the chaos. The Fygar can also be powered-up for more speed and energy. Explore a Steampunk Wasteland. Explore the
cityscapes of Sunset Overdrive like never before. Move through the hazardous streets on jetpack and hoverboard, use futuristic
abilities like the Electroshock and Sunfire, and blast through the landscape with the Fygar. Take down an assault from hell. Over
the course of the game, your character will be pulled into a mechanical nightmare where giant mechanized zombies serve as the
forces that keep the world in eternal chaos. The Chairman's assassins are out to take out the heroes and there's nothing you can
do about it. New weapons and abilities to use in multiplayer. Battle your friends and strangers online in traditional Deathmatch
game modes, but you'll also use special abilities like the Electroshock and Sunfire that power up and are tied to your Fygar.
Customize the way you play. Change your weapons, your way of play and your Fygar's appearance. Jump in any time for free.
