The British Standards Institution#include #include void osgEarth::NotifyListener::notify(osg::Object* obj, osg::Referenced* target) { osg::Notify* notify = dynamic_cast(obj); std::cout<<getObjectID()<<endl; } the Board. The Board exercises its authority on a case-by-case basis to protect the interests of a majority of the investors that supported the Company's audited financial statements. The Board of Directors is responsible for oversight of the Company's policies and procedures and for protecting its financial interests. A director may only vote his or her shares on matters relating to the Company's business if the vote is conducted by a vote by written consent or by electronic means, if the vote is by written consent, and if the other directors, other than the director voting the shares, consent in writing to the vote. The stockholders have the right to request information regarding the management of the Company and the affairs of the Company from the Board. A holder of 20 percent or more of the outstanding shares of the Company is entitled to make written requests to the Board for meetings, annual meetings and for the production of the Company's books and records. Control of the Company is vested in the Company's board of directors. The stockholders elect directors at the Company's annual meeting. The company maintains detailed financial information in its records. This information is available to all shareholders and other interested parties on request. The Company's shareholders and interested parties are entitled to access the company's financial information through the Internet. The Board of Directors of the
