You'd expect that, as it was designed with children in mind. This doesn't mean adults can't have fun too. They are, after all, children at heart. The application allows you to create plenty of designs. It's easy to operate the app. All you have to do is launch it and select the template you'd like to work with. After that, you've only got your imagination to tame. You'll probably feel quite relaxed, as you play with the various bits and pieces each template has. Once you've gotten yourself a satisfactory result, you can try the other templates and see how your imagination deals with them. You could always take a screenshot of your masterpiece and print your design to use when you have guests over for Thanksgiving. It could be that missing touch. It runs smooth as butter Being a children-oriented app you'd expect it to run pretty smoothly, in order for the users to get the

What's New in the Thanksgiving Design?

Create a beautiful, personalized picture book for your loved ones. • Design a book cover for your child's favorite book! • Greet your friends and family with a custom greeting card! • Create your own photo album Thanksgiving Design can be used on the iPad, iPhone and iPod Touch. If you live in an area with a lot of snow this time of the year, you might want to check out Snowboard 'Em Up. The app, by Codo, Inc., is designed for those with a love for snowboarding and the outdoors. The app provides users with a wide variety of activities to enjoy. You can learn to do tricks like a pro and land tricks like an actual pro. You can also take your snowboard and learn tricks on the slopes. You can make it to the top of the mountain or you can go down the slopes. Codo says, "Codes is designed to have more depth and detail than other snowboard games." There are even mini games available that you can play, such as: Slide - Get ready to flip or hit your opponent with your snowboard. Anger - Get ready to collect some coins or press the buttons. Sled - Press the buttons to see what happens. The app is very entertaining. There is a very satisfying feeling of accomplishment when you land tricks or when you go to the top of the mountain. You will find yourself having a great time with Snowboard 'Em Up. This week we feature the wonderful physics puzzle game Aquarius by Interglobal Games. The physics game is called "M.U.L.E." The background music is by the band "Maroon 5" Some features in the game are: - Play 100 levels of water and fire physics puzzles - Take charge of a little boat or a plane and race against a challenging opposing team - A challenging and beautiful in-game atmosphere - Unique music and sound effects - A gameplay environment, where things can change easily - Try to keep the levels going, but you can only control the water levels - If you are an Aquarius lover, this game is the best physics puzzle game you've ever played. Easter Hoppers is a unique platforming game. You play a rabbit who finds itself stuck in a Easter egg hunt. Your task is to use your skills to grab the candy on your way to the finish line. The game features 5 levels. During the game you will see all of the challenges that you have to overcome. You'll get plenty of help with this game. You'll be guided through the tricky game with a music player
