

A warm adult theme that incorporates movement, animation and beautiful graphics. The project has been tested on Kindle Fire and iPad and it seems to be working well. However, to keep things simple, with the iOS version, you have to run the.ipa through a device like the Kindle fire or iPad, as there are no apps, just a website. For anyone making a similar app, I know that the maximum size of the app is 10 Mb, when the iPad is allowed to have 1Gb, so, if you're doing a Christmas animation, you may have to have 2-3 levels of Christmas animations. I tried to keep it light, but I know that I can make it more sophisticated. Unfortunately the final version may not have the sound effects I have included at the moment, you may have to check if you have an iPad, if you don't, you can use SoundBible to add the sound effects. Christmas Drummerboy Screenshots: Christmas Drummerboy If you have seen the beautiful girl on the left, might you remember her? If so, you may find this little gem to be a little more festive. The website where this theme comes from is apparently defunct, but this is the theme, as I have seen the site. But please, download the theme and let me know if it works on your device.

Christmas Drummerboy Description: A theme that looks very clean and elegant, with a simple and spare design. I am also pleased to have this theme in MP3 format, as it will be perfect for some of you that prefer to have Christmas music on your devices. Please, let me know what you think of the theme, either by adding a comment below or email me. If you like the theme, please share it with your friends.

Unfortunately, the app does not have the SoundBible sound effects, so I hope you like the sound files that I have included on the download. Thanks to SoundBible, you can add the sound files to your Christmas music. Christmas Drummerboy Screenshots: Christmas Drummerboy If you are lucky enough to have an iPad, the following Christmas Scene just might be for you. Enjoy it while it lasts!

Christmas Scene Description: Christmas Scene contains 12X icons on 8 different slideshows in 3 different resizable windows. You can resize the slideshows to your desired size, or make them full screen. There are four backgrounds and one textural background included

What's New In?

The theme features a cool collage. The red set features Santa Claus, the gifts, a tree, and various stock images of Christmas critters. Santa and his reindeer and sleigh have silver frosting on them. The presents and wrapped stock images are just cool. And then it flashes to a yellow wall of Christmas sound effects - that's how fast the theme is. There are three stock background images. Red one is Santa Claus, the gifts, and a snow scene; a yellow one features Santa, presents, and black stock. Blue is a Santa, presents, and Christmas Scene.

System Requirements:

While the other Sims 4 Game Pack would be a great standalone expansion, it is by far the most expensive. The base Game Pack price alone is nearly \$65. While that is totally worth it if you are already playing The Sims 4, the Extras aren't worth that much unless you are a diehard fan. If you really want the collection, we recommend you buy it in conjunction with the BFFs Game Pack which is just under \$20. Forget the other game packs, Sims 4 is a standalone expansion which does not rely on your existing base game account
