Razordesk Download

Razordesk is a solution designed for large Enterprises to provide Outbound Support. Razordesk has been developed by an outsourced company which is the leader in software development and has been operating for 15 years. The Razordesk.com product is built on the IIS Servers installed on your organisation's webservers. This product uses IIS servers as back-end servers to support the front end client client side application. Razordesk features: ☑ Outbound Support ☑ With an inbound messaging agent using the built-in message delivery features of the IIS server ☑ Business can also provide support through their own call centre system ☑ Configurable from 0 to 50 concurrent clients ☑ Web Messaging Agent can be used to deliver SMS/MMS notifications and e-mails to the client ☑ Web Messaging Agent can be combined with an inbound messaging agent and local inbound messaging agent ☑ Online Help content is automatically propagated across the internet ☑ Web-based HelpDesk with built-in online help, FAQs and support documents ☑ Online Help is propagated for all site users ☑ PDF reports with branding, customisations and versions for reporting ☑ Optional HTML reports ☑ PDF documents can be distributed with Web Messaging Agent using email or FTP Razordesk has hundreds of features including: ☑ Online Help system ☑ Online Help can be provided for all site users or just for specified user groups ☑ Web Messaging Agent ☑ Multilingual support and language packs ☑ Inbound Messaging Agent ☑ Built-in multi-language ☑ Client server health monitoring ☑ Scheduled and automatic maintenance ☑ Media library for CD, VCD and Mpeg-1 ☑ Built-in CD and DVD authoring facility ☑ Support for Microsoft Office Documents ☑ Support for docx, xls, ppt, pptx, odp, ods, rtf, odf, otg, hwp, htm ☑ Support for XHTML & HTML ☑ Built-in WYSIWYG screen editor ☑ Built-in HTML editor ☑ Built-in embedded spreadsheet editing ☑ Built-in database editing

Razordesk License Key Full Free [March-2022]

Razordesk Download With Full Crack is a web-based software service platform for customer support. It is a desktop application of Microsoft Web Services. It is a thin client application that connects to a web server and utilizes the information stored in the server to provide easy to use customer service software. Being an outsourced application, Razordesk runs as a web application and can be accessed from any location. No physical installation is required. The time you spend training staff, modifying software and making changes to the support software would be saved if they use Razordesk. Since it is a thin client application, it can be accessed through a web browser and provides users an easy to use environment. Razordesk also provides self service to users, allowing non-technical users to generate reports and download data from the server. Razordesk has integrated customer records through Microsoft SQL Server. This makes it easier to automate tasks. Providing a simple way for employees to access e-mail and report information, Razordesk also provides a File Distribution facility so reports can be sent from within a browser. Features: ☑ Installs in minutes ☑ Fully managed service ☑ Easy to use - no need for IT staff ☑ Fully integrated support ☑ HTML and PDF Reports ☑ Setup in any environment ☑ Unlimited users for one subscription ☑ Unlimited phone calls per user (Fee is applicable) ☑ Client Server 2. How To Host Module Razordesk Description: Razordesk is a web-based software service platform for customer support. It is a desktop application of Microsoft Web Services. It is a thin client application that connects to a web server and utilizes the information stored in the server to provide easy to use customer service software. Being an outsourced application, Razordesk runs as a web application and can be accessed from any location. No physical installation is required.
