Thanks :) Fantazie Space These were the 2466th, 2467th and 2468th new designs in the WPF line of a new series of great pixel art and hand-drawn images available here on DeviantArt. Today is actually the day I launch my wallpaper collection with a universe wallpaper. 2466th, 2467th and 2468th. This one was fun to draw. I would have done more drawings but I had to go. Anyway, all I can say is I hope you enjoyed this wallpaper. Please follow me and help me with advertising. Thanks. I think this new Windows 8 Desktop is the best ever, as well as the Windows Store, (as well as a bunch of other Metro Apps); although, who knows, Windows 10 could be even better, who knows? I can only hope. I draw this for Windows 7 users, and released it in a Windows 8.1 Remix Pack. Hope you enjoy it. ^_^ Please
