## System Requirements:

This game is currently being developed for the macOS platform, but support is possible for both, Mac and Windows. General notes: Mac users can use one of the two built-in emulators: Steam, or MAME/MESS emulator from Mac App Store. Windows users can use the PPSSPP emulator from Windows Store. Note that this emulator can slow down your system considerably, so you may prefer to use the built-in emulator on a Mac instead. Keyboard controls are made using standard macOS key
